

KEEPSAKE GOLDEN BEARS

No matter how long our Golden fur kids walk the earth with us, it is never long enough. We save pictures, keepsakes, and memories, and they always have a place in our heart. There is a special keepsake made from your own Golden's fur that you can get now. It's a Golden Bear.

Judy Lukas uses her spinning wheel to spin your dog's fur into furry yarn, then she knits a customized bear knitted from that fur. This is a unique and personal keepsake of your pet.

Here are the details:

Judy needs two to three weeks to process a bear from fur to finished article. All fur must be brushed, **not clipped**. She needs a minimum of a zip quart size baggie stuffed full of brushed fur--packed really tightly and stuffed as full as possible. You can get a bigger bear with a gallon size baggie full of fur.

These adorable bears are available for a \$30 donation to Rescue A Golden of Arizona.

The bears are about 6" tall and each one is a little different.

Brush your Golden's fur, stuff it in a baggie, and bring it to Bark in the Park. Put a sticker with your name, address, phone number, and your Golden's name on the baggie. We will mail it to Judy for you,
